

## **Value-Added Benefits Package Now Available to Chamber Member Businesses**

Your Johns Creek Chamber of Commerce membership is now even more valuable because of a partnership with Purchasing Alliance Solutions, Inc. (PAS) and the *Healthy Business Alliance™*, a new program that harnesses the collective purchasing power of Chambers of Commerce to negotiate advantages on group insurance and related products and business solutions.

Reduced premium rates ranging from 5% to 15% are available on products such as group dental, vision group term life, and group short term, intermediate term and long term disability income protection. Also offered are special savings on Health Savings Accounts, identity theft protection, individual disability coverage and pet insurance. The companies offering products through the *Healthy Business Alliance™* program are recognized, well-regarded companies. Access to special pricing and/or benefits is reserved exclusively for Chamber members.

Other products and services available are innovative health insurance products, compliance solutions, human resources outsourcing and integrated payroll services from qualified partners. Mobile applications to help save 15-60% on prescriptions are available to chamber members as well as discounts on other types of coverage.

In order to support our local insurance agents in the community, products are distributed through Chamber-member independent insurance agents. These professional agents play a key role by helping business owners sort through the complexities of offering employee benefits and complying with new regulations.

These are just a few of the many new solutions and strategies available to members through the *Healthy Business Alliance™* program. By partnering with experts you can reduce your burdens and equip yourself to deal with healthcare reform, and get back to running your business.

---

Purchasing Alliance Solutions, Inc. is an employee benefits firm specializing in value-added Chamber programs. *Healthy Business Alliance™* program is offered through more than 148 Chambers of Commerce across Georgia. For more information, please contact the Johns Creek Chamber, Brett LaTourette of Purchasing Alliance Solutions (770-579-1214, ext. 3012), or one of the Chamber's participating insurance agents.
